

TRANSITION TRAINING PROGRAM

About Our Program

TRANSITION TRAINING PROGRAM, LLC is a MEANINGFUL and FUNCTIONAL program for clients 18 and older. We offer a morning or afternoon session year round. Must be a client of Kern Regional Center.

Currently, the focus age group is for 18-30 year olds. TTP helps to prepare young adults for increased independence. We will most often take the clients into the community and teach them **SOCIALIZATION** skills while completing VOCATIONAL tasks. We do this by volunteering at a variety of community locations. We make it a focus to integrate our population with the community and general population

Almost all functioning levels accepted. Call/Email questions. Some behavior challenges accepted.

Typical Day

- Clients will arrive at facility
- Life/Independent Living Skills Activity Completed
- TTP will transport to community site. Vocational tasks completed
- Return to facility - time permitting
- TTP will transport home if needed
